PRESTON BARRACKS FIRST PHASE WORKS

Dear Residents,

Demolition works are progressing well on site, and as way of an update we wish to inform you of the following progress on site:

- No Health & Safety incidents
- Services isolated/disconnected
- Former Field building demolished (Phase 1)
- Garages demolished (Phase 1)
- Lifting slabs & foundations (Phase 1)
- Mannock Building being stripped (Phase 2)
- Houses on top site (Phase 3) being stripped

The upcoming works over next few weeks are:

- Erect/install timber hoarding to Lewes Road boundary elevation (Phase 1 & 2)
- Erect double access gates to Saunders Park View (Phase 3) *Please note these gates will remained locked (so no pedestrian or vehicular access through will be provided as per the current arrangements) and will only be opened by the cadets (located in the white building on the site) on the nights their building is in use. This is to ensure that the cadets have a safe access whilst we use the existing entrance to the site for construction vehicles.*
- Continue to lift slabs & foundations (Phase 1)
- Cut/dig site to required formation/finish levels (Phase 1)
- Demolish Mannock Building (Phase 2)
- Remove soils/muck away
- Process wood arisings from demolition works

It is our intention that we will provide further updates throughout the works for those whom may have an interest. We propose to email these updates as required and ask that you express

your interest by emailing us at info@metro.uk.net so that we may include you in all future communication.
